ONE LOVE. ONE FUTURE.

SUSTAINABLE PROCUREMENT POLICY

Our commitments

1. Comply with all relevant legislation
2. Promote sustainable awareness and assessment amongst our procurement staff, suppliers and contractors
3. Prioritize sustainable products and services, include criteria of sustainability when selecting suppliers and contractors
4. Monitor sustainable procurement practices with a view to seek continual improvement
5. Measures and build targets in accordance with Net Zero policy

Sustainable procurement framework

1. Analyze how we buy goods, works and services
2. Analyze carbon emitted from procurement activities (if data is attainable)
3. Construct a distribution map of carbon emissions mapped with our purchases
4. Benchmark with our peers and our net zero targets with a view to seek continual improvements
5. Adjust and act promptly when needed and sensible
